Your personal data will be processed with manual and electronic means in compliance with the principles of necessity and relevance by adopting appropriate security measures to achieve the purposes indicated. Your personal data will be processed by subjects expressly authorized and trained in the field of personal data protection; it can be possible that the IT technicians and the IT staff that oversees the operation of our IT system may access the data, in an incidental way.

We also inform you, concisely, that you have the right to request information about your personal data we are processing, request their correction, cancellation, oppose the processing, ask for limited treatment and data portability according to the provisions of Articles from 15 to 22 of EU Regulation 2016/679 GDPR (copy of the text of the mentioned articles can be requested at the addresses mentioned above).

At any time, you are entitled to submit a complaint to a territorially competent supervisory authority. Should the treatment be based in whole or in part on your consent, you have the right to withdraw it freely and at any time through the contacts at the addresses indicated above. The processing carried out in accordance with the consent given and the related legal effects will remain valid even after a possible revocation of the consent. Should the treatment be based in whole or in part on your consent, you have the right to withdraw it freely and at any time through the contacts at the addresses indicated above. The processing carried out in accordance with the consent given and the related legal effects will remain valid even after a possible revocation of the consent.

For any further question or communication regarding the processing of your data, do not hesitate to contact us.
